

## Rubber blade elements

### Purpose:

- for snowploughs
- assembly by means of mounting screws

### Place of production:

Poland

### Material:

Vulcanised rubber reinforced with a recycled textile cord

### Dimensions:

|  | MODEL    | WIDTH (mm) | LENGTH (mm) | HEIGHT (mm) | WEIGHT (kg) | Compatible with...           |
|--|----------|------------|-------------|-------------|-------------|------------------------------|
|  | P/I      | 250        | 520         | 50          | 8           | Dobrowolski - plough PD 641  |
|  | P/II     | 175,5      | 725         | 50          | 7,5         | Schmidt - plough SNK 270     |
|  | P/III    | 200        | 522         | 50          | 7           | DANROB - plough P097         |
|  | P/IV     | 175        | 450         | 50          | 4           | Schmidt - plough SNK 300     |
|  | P/VI     | 200        | 620         | 50          | 7           | Dobrowolski - plough SNK 300 |
|  | P/VII    | 250        | 3250        | 40          | 47          | OZAMET OZW 35                |
|  | P/VIII   | 250        | 3550        | 40          | 43          | OZAMET OZW 35                |
|  | P/IX     | 200        | 3250        | 40          | 31          | OZAMET OZW 35                |
|  | PS/I-90  | 212        | 900         | 50          | 10          | Rubber-metal blades          |
|  | PS/I-120 | 212        | 1200        | 50          | 15          | Rubber-metal blades          |

### Colour:

Black

### Technical parameters:

| Parameters                | Value ≤ | Unit            | Standard / Method   |
|---------------------------|---------|-----------------|---------------------|
| Tensile strength          | 4 80    | MPa             | PN-ISO 37 PN-EN ISO |
| Hardness                  | (±5) ≥  | °ShA            | 868:2005 PN-ISO     |
| Abrasion                  | 195 ± 2 | cm <sup>3</sup> | 4649 od             |
| Tolerance - length, width | ± 2 ± 2 | %               | nominalnego od      |
| Tolerance - height        |         | %               | nominalnego od      |
| Tolerance- weight         |         | %               | nominalnego         |

**Packing:**

Packed in a cardboard box on a Euro pallet in quantities depending on the order.

Description on the pallet with the name of the product, its quantity, batch number and packing date.

Other packaging is possible on request

**Identification:**

Product- on the underside of the product information about the date of production.

Pallet- product name, quantity, pallet identification number, packing date, quality control stamp.

**Storage:**

The products should be stored on pallets in protective film and protected from external weather conditions.

The products may be stored for a longer period of time only in closed, ventilated rooms without humidity, after removing the protective film. Storage temperature: max 40 oC

**Health, safety and fire conditions:**

Conditions for storage and use of the product- must meet all requirements for storage and use of rubber materials.
